REHAN SALEEM

Client Onboarding & AI Solutions Specialist

Rahim Yar Khan, Pakistan | +92 301 1882682 | rehaanwritescopy@gmail.com | Portfolio

PROFESSIONAL SUMMARY

Client onboarding and support specialist trained in GoHighLevel (GHL) CRM and White Label Suite through a 180-hour HighLevel internship, finishing with an Outstanding 92/100 in the Creatives Department. Skilled at configuring platforms, documenting processes, and teaching non-technical clients through clear walkthroughs and training content. Combines hands-on support experience with strong writing and AI-assisted content skills.

CORE SKILLS

Onboarding & Support	Client onboarding, platform setup and configuration, chat support, troubleshooting, escalation
Platforms & Tools	GoHighLevel (GHL) CRM, White Label Suite (WLS), pipeline and calendar setup, Loom
Training & Documentation	Client training, screen-recorded walkthroughs, onboarding resources, process documentation
AI & Automation	ChatGPT, Claude, Gemini, prompt engineering, AI content workflows, AI voiceover tools
Communication & Content	Copywriting, scriptwriting, client communication, brand voice
Creative (secondary)	Short-form video editing (CapCut), thumbnails and social graphics, AI image generation

PROFESSIONAL EXPERIENCE

Agency Owner Support Intern

May 2026 – Jun 2026

HighLevel x White Label Suite (program led by Dakota Routh) • Remote

- Completed a 180-hour program in HighLevel, client onboarding, chat support, creative content development, and White Label Suite; earned an overall score of 92/100 (Outstanding) in the Creatives Department.
- Conducted mock client onboarding calls in GHL CRM, configuring business profiles, personal profiles, and calendar settings.
- Wrote escalation posts with step-by-step technical diagnostics and mapped pipeline stages to real support scenarios.
- Recorded Loom walkthroughs explaining White Label Suite navigation, admin panel management, white label setup, and the wallet system in plain language.
- Built AI-assisted content workflows in ChatGPT and a website with newsletter signup.
- Applied branding systems, design direction, and content workflow principles across creative assignments.

Freelance Creative & Content Specialist

2021 – Present

Self-employed • Remote

- Deliver end-to-end content for diverse clients, including short-form video, social graphics, ad copy, and scripts.
- Use ChatGPT, Claude, and Gemini with custom prompts to produce on-brand scripts, ad copy, and blog posts, cutting production time by about 40%.
- Designed logos, color palettes, and visual assets kept consistent across client touchpoints.
- Produced UGC-style ads combining stock footage with authentic voiceovers.

INTERNSHIP PERFORMANCE HIGHLIGHTS

Activity	Area	Result
Overall program score	Creatives Department	92.0 – Outstanding
Mock client onboarding call	GoHighLevel CRM	85/100
White Label Suite Loom walkthrough	White Label Suite	32/35 – Outstanding
AI-assisted content workflow	ChatGPT	88/100
Website with newsletter	Web / Content	93/100

SELECTED PROJECTS

- **Client Onboarding Playbook (GHL)**
  - Step-by-step checklist and call script for onboarding a new client.
  - Covers business profile, personal profile, calendar, and pipeline setup, drawn from mock onboarding calls.
- **Support Escalation & Troubleshooting Guide**
  - Reusable escalation post template with step-by-step diagnostics.
  - Maps pipeline stages to common support scenarios so issues reach the right person faster.
- **AI Prompt Library for Content Teams**
  - Organized prompts and brand-voice guidelines for scripts, ad copy, and blog posts.
  - Works across ChatGPT, Claude, and Gemini for consistent on-brand output.
- **AI Video & Visuals Portfolio**
  - Created cinematic AI-generated videos using advanced prompting.
  - Edited raw footage into fast-paced, retention-focused shorts for TikTok and Instagram.

EDUCATION & TRAINING

- **Certificate:** Agency Owner Support Program, HighLevel x White Label Suite (180 hours, 2026)
- **Intermediate:** MTB College (Ubaid Campus), Rahim Yar Khan (2020)
- **Self-directed learning:** AI Prompt Engineering; Direct Response Copywriting; AI-Enhanced Video Editing; AI-Enhanced Graphic Design
